Dear David,

Last year, around this time, you had listed my property in Calabasas, located at 26913 Lost Oak Ct., for sale. I remember that I had my concerns as to whether or not I would be able to sell it in time in order to avoid foreclosure. But thanks to your hard and diligent work, we were able to obtain good cooperation from my lender, GE Capital, and finally on top of every thing else, your marketing efforts paid off and an offer was made on my house. The offer was accepted by the lender and the sale went through just in time, to save me from foreclosure.

As I look back to those time, which were more gloomy than not, I find that one of my few bright spots was that I had a very good and professional agent in you. Therefore, I thought that I would like to send you this note thanking you, once again, for all your efforts. I wish you best of luck in your career and I am certain that your clients in the neighborhood are as fully satisfied with your performance, as I am.

Reza
